AGENDA

J16 Meeting No. 30
WG21 Meeting No. 25
April 17-21, 2000

The main goal for this meeting is to produce draft language for the first Technical Corrigendum to the C++ Standard. DRs which have been resolved but not voted on by the Committee should be voted on in this meeting, in addition to any other DRs that can be resolved.

The draft TC should be finished in the October meeting. We will not try to draft the final copy at that meeting. Instead, the final copy, having only minor corrections from the draft produced at that meeting, will be voted on by letter ballot after the October meeting.

The performance working group will continue work on the Technical Report on C++ performance issues as schedule permits.
